

Home Health Aide Michigan

Private duty is provided by a team of health professionals that may include Registered Nurses, Licensed Practical Nurses, Certified Nursing Assistant, Home Health Aids, Occupational Therapy, Physical Therapy, and Speech Therapy providing care to adults. We believe in an individualized and integrated approach in determining the desired level of care for each client. This includes the patient, family members and one of our highly trained and educated Nurse supervisors. By formulating an comprehensive and specific plan of care, our staff is able to provide outstanding quality care to every client, while focusing on independence and quality of life within the comfort of the client's home.

We respect that you are inviting us into your home to provide your care, so we pay great attention to selecting the right professionals who will care for you. We make every effort to match staff personalities with every patient. All staff at Attendant Care Companies are carefully screened and go through

a thorough interview process. This process includes competency testing, criminal background checks and job specific training. Also we do not have any contracted staff in our company, something that makes us stand out from the rest of home health care companies.

Some of the services we provide, but not limited to, are : bathing, dressing, toileting, exercise program, medication assistance, meal preparation including monitoring diet and eating, grocery shopping, meal planning, home management including light housekeeping, laundry, linens, taking out the trash, reading, games, arts and crafts, trips to appointments, events, shopping, errands, and many more. Our High-Tech services include: providing wound care visits, working with infusion companies to administer IV antibiotics and tube feedings.
